Hi Krystal,

Let's reschedule for Tuesday, February 4 from 2-4 at your offices.

Thanks for accommodating this change.

Karen

Hi Karen,

I looked at CDFW staff calendars and it looks like everyone is free next Monday, February 3rd anytime between 1pm and 4pm, and February 4th from 9-11am and 2-4pm. Let me know if any of these times work for you and I will update the calendar appointment. The following week looks fairly busy for everyone, but let me know if I need to dig around for times during that week.

Thanks,

Krystal

Krystal,

State Board staff will need to reschedule this meeting for some time in early February. Some of our BDCP staff have been asked to work on high priority drought issues. Could you let me know what CDFW's availability is for early February?

Thanks,

Karen

Hi Karen,

I wanted to follow up quickly on the voicemail I just left you. I really want to work to ensure that your staff get the most out of our meeting, which is also dependent on CDFW coming prepared to address your concerns. As we've discussed, an agenda will be very helpful and I appreciate you working to draft one up. I was hoping that perhaps you could send me that draft sometime next week, so that I could work with you to revise the agenda as necessary to inform our staff as we prepare for the meeting. I have a meeting today until 1, but please do not hesitate to give me a call any time after 1pm today to discuss any concerns or questions you may have.

Thanks and we look forward to meeting with your staff again as we try to collaboratively tackle this complex plan!

Krystal

Hi Karen,

Please feel free to forward the appointment that I just sent out to any of your staff that will be attending (as well as Erin, if she is still interested in attending). Also, if you have an agenda drafted up that you could send to me, I can attach that to the appointment. An agenda may also be helpful for CDFW staff to come better prepared to answer your specific questions.

Thanks,

Krystal

Hi Jason. Thanks for responding. I've checked everyone's schedules on our end. Let's plan to meet from 10 -12 am on January 31. Erin Foresman of USEPA would like to attend as well. On our end, Diane Riddle, myself, Rich Satkowski, Ken Emanuel, and possibly a couple of other people may attend. Do you have a conference room that will accommodate us, or should I schedule a room at the Cal/EPA building?

Hi Karen,

Would the morning or early afternoon of January 31st work for you? Unfortunately, that is the only free time on our collective calendars.

Thanks,

Jason

Chad,

Diane confirmed that she is interested in having a meeting with CDFW and other fish agencies, if they are able to, to identify issues that could help inform potential comments on the BDCP Public Draft DEIRS. We agree that only oral information will be exchanged as part of this process. I understand that CDFW is in the middle of reviewing the public draft, and we are, too. Could you check with your staff and let me know what timing would work best for them?

Thanks,

Karen

Subject: BDCP Public Draft

Hi Chad,

State Board staff were very appreciative of the discussions we had with CDFW and other fish agencies regarding the administrative draft BDCP documents. Those discussions helped SWRCB staff focus in on the topics of most importance. We'd like to set up similar "issue-spotting" meetings for the public draft documents. We are targeting the first meeting for the middle of January, but this is based on our guess that the fish agencies had been actively following the revisions that had been made to the documents. Please let me know your thoughts on this, especially if the mid-January timeframe is too soon for a meeting.

Thanks,

Karen
